## Studying n Kissing

### Author's Note:

Is this out of character? Maybe-  
But I'm actually Mike Wheeler so what I say goes,  
they're all I'm gonna write about for a while  
Buckle up.

Mike sat at his dining room table, chewing on his thumb nail and tapping his pencil lighting on the wood.

Will was attempting, very badly to explain the work to him in simple terms. "Okay, so you'd move the two over-" Will looked up at Mike, who was glancing somewhere else. "Mike? Mike are you getting this?" Mike snapped back to attention, looking at Will and furrowing his eyebrows. "Um, two?"

Will sighed. "Come on you gotta get this down, if you get this you'll be passing with flying col-" He was cut off as Mike let out a loud groan, putting his head down on the table. "But, this makes no sense-I'd be completely fine being a B student."

Will rolled his eyes. "Fine, you can stop but I came over to study so I'm going to continue Mr. B student." He looked back down at his paper and book, cross checking before Mike dumped all his weight onto him. He drapped his lanky arms across his shoulders and leaned on him. "Dude, take a break- you study all the time!"

"Well, unlike you- I have to be an A student so I can get a good scholarship later." He had an annoyed tone, but he couldn't help but lean back against Mike. Mike smiled. "It doesn't matter what grades you get, they'll take one look at your cute face and let you right in-" he laughed, moving his hand to pinch Will's cheek, causing Will to yelp. "Stoop!" He swatted at Mike's hand until he let go. "Fine, fine-" Mike pulled his arms off, sticking his hands up in a 'i give up motion'

Will rubbed his cheek, a pink blush covering his face ear to ear. He glanced over at Mike, who was finally for the first time looking down at his book and writing on the paper. Will scooted his chair a little, so

he could reach out and gently touch Mike's chin to move it up. "If one of us is getting sent to cutie college, it's you." He leaned in and gave Mike a small kiss on the lips before pulling back.

Mike's face lit up like a box of Christmas lights. "I-" He covered his own cheeks. "Shut up.." He mumbled. Will just smiled and look back down at his paper, it was going to be a long day- but he was alright with that.
